Meditate on Scripture

Truly, truly, I say to you, whoever believes in me will also do the works that I do; and greater works than these will he do, because I am going to the Father. Whatever you ask in my name, this I will do, that the Father may be glorified in the Son.

John 14:12-13 ESV

Operation Christmas Child shares the gospel message and love of Jesus Christ with children around the world.

Packing a shoe box is a wonderful opportunity to reflect on our blessings, and to teach our children about generosity. What if every member of our congregation packed one box? What if every Sunday School student packed

a box for a child their age?

Last year, Good Shepherd packed 67 shoe boxes for children in Zambia. This year, I think we could reach a goal of 100 boxes!

Please see Kristy Fix with any questions. **Boxes must be returned to Good Shepherd by Sunday, November 19th.**

Today we are in the midst of the greatest human migration in history. People from everywhere are moving everywhere else. What is God up to? Today, YOU are God's front-line missionary. The world has come to us! How can you understand them and share the Gospel?

Its developer, Rev. Roland Wells, will teach the short six-week course, developed from the 96-hour **MissionShift** which is now embedded in Concordia Seminary's curriculum. Cost is just \$10. Register today at the Connect Center, space is limited. Tuesdays through November 21st.

Update on New Security System

The activation of the church's new security system is coming soon. We've had a couple of delays and are working on training materials. We thank you for your willingness to help us make our church as secure as possible.

If you currently do not have a key to access the building, this change will not affect you. If you need access during the hours the church is open, you will continue to use Door 4 and press the silver button on the device pictured here. We will be able to see you and communicate with you as well as to let you in.

Ministry leaders who have a key will exchange it for a key fob which will be the new way for you to unlock Door 4.

Important: Your key fob will open the door, HOWEVER, if you are entering outside of business hours, you will need to disarm the alarm using the distinct 4 digit code you will be assigned. You will be trained on how to use your fob and how to disarm the alarm BEFORE the system is implemented.

The goal is to implement this security system as soon as possible with documentation and training being made available before implementation.

Thanks again for your willingness to adapt to this change.
